  - The premium service offering under the Avis brand is second to none. Investment in technology and innovative product development set us apart from our competitors.

- **Leadership, Customer and Financial Stability.** Our leadership team represents a combined tenure of over 72+ years of executive leadership experience, 150+ years of operational leadership experience, 180+ years servicing our top 5 commercial accounts and 75+ years in account implementation. Avis Budget Group acted quickly and decisively during the pandemic. - **Our People and Our Culture:** As a global provider, our focus is on our commercial / corporate customers. We have a Customer Led and Service Driven organization that is focused on enhancing the customers’ rental experience and providing value to our corporate clients. We have created a tight knit family culture of pride, passion, and what we call the OWN IT spirit—the willingness to do whatever is necessary to get the job done to help people connect in moments that matter.
- **Investing in Innovation:** Investment in technology and innovative product development set us apart from our competitors. Recent examples include our Business Intelligence online reporting tool; the Avis mobile app; our fleet of connected cars; our QuickPass / Express Exit program that gives Avis Preferred members a self-service, 100% contactless experience; our Split My Bill capabilities, to name a few.
- **Diversity and Inclusion:** Avis Budget Group provides an inclusive environment to do business with small certified, minority women, airport concession, disadvantaged, LGBT+, disabled veteran and veteran-owned businesses. We believe

in fostering relationships that extend beyond car rental services; it is crucial to align with companies that execute a shared vision for advancing diverse business opportunities. - **Sustainability:** Avis Budget Group is committed to monitoring, measuring and managing our environmental impact, and we are constantly seeking ways to reduce it where practicable. Avis Budget Group was recently recognized as one of America's Most Responsible Companies 2024 as published in Newsweek. ### **Fleet**

Avis Budget offers for rental a wide variety of vehicles, including luxury vehicles, electrified vehicles, specialty-use vehicles and light commercial vehicles. We maintain a single fleet of vehicles for Avis and Budget in countries where we operate both brands. Our fleet consists primarily of vehicles from the current and immediately preceding model year.

We participate in a variety of vehicle purchase programs with major vehicle manufacturers and maintain a diverse car rental fleet. We primarily purchase vehicles from Stellantis N.V., Toyota Motor Corporation, Hyundai Motor Group, General Motors Company, Ford Motor Company, Volkswagen Group and Renault-Nissan-Mitsubishi Alliance. No vehicle manufacturer represented more than 23% of our 2023 fleet purchases. In 2024, our US fleet will average approximately 442,000 cars and peak at over 462,000 vehicles.

### **Warranty**

When Avis provides a reservation confirmation, it is a guarantee of a vehicle. If a traveler arrives with a confirmed reservation for a specific vehicle category and that category is unavailable, an

upgrade to the next higher available category at no extra cost will be made available.

### **Refueling Options**

Avis offers several different refueling options based on travelers' trends and needs.

Every vehicle is rented with a full tank of gas. It is always most economical for your travelers to refuel a vehicle just prior to returning it to the rental location.

**Self-Service:** If travelers plan to stop for gas, they should not accept the fuel service option. Rather, before they return the car, travelers should simply purchase fuel and return the car with a full tank of gas. They will be asked to provide a receipt for the fuel purchase so that they can avoid any refueling service charge. This is the easiest and most economical option for your travelers.

In addition to the self-service option, travelers can choose the option that works best based on their schedule and budget:

- **Fuel Service Option:** By adding our Fuel Service Option to their next online reservation, travelers will save time by paying in advance for a full tank of gas—and bringing the car back empty. This option eliminates the need to search for a gas station before returning a car. Our rates for this service are comparable to the current local retail pump price. If this option is selected, your travelers will want to bring the car back as close to empty as possible because credits or refunds are not provided for the remaining fuel in the tank.
- **EZFuel™ and Fuel Service Charge:** For travelers driving under 75 miles, our newest refueling service may be the best option. These travelers will pay a low flat fee for fuel and simply return the car—without needing to stop at the pump. We will automatically charge a flat fee of \$15.99 (\$17.99 in California). If travelers fill up the tank and present a receipt for their fuel purchase, the charge will be removed when the car is returned. In Canada, the rate varies between \$29 and \$37 and is based on local fuel prices.

At Avis, we believe it is important to communicate refueling policies when a rental starts. All locations have visible signage describing our policies.

### Locations

As of July 2024, Avis has over 4,400 locations worldwide with 1,386 locations throughout the United States. Avis operates or licenses Avis vehicle rental locations at virtually all of the largest commercial airports and cities in the US with 337 airport locations and 1,049 off-airport / suburban locations. Please see the attachment titled "Avis Locations by Region" for specific locations.

services your organization offers but is not included in the scope of this solicitation and will enhance and add value to this contract's participating agencies.

Avis Budget has a network of corporate owned and licensee operated rental locations throughout world with 4,401 Avis rental locations in 174 countries and 1,386 rental locations in the United States, as of July 2024. Renters can reserve a vehicle by calling our toll free reservation center; booking online at [www.avis.com](http://www.avis.com); through the Avis app; or stopping by or calling the specific rental location. Please see the response to Question 2.1.1 for a listing of Avis locations.

Most US locations are open 7 days a week. Many major airport locations are open 24 hours. We suggest customers book their reservations as soon as they become aware of the need, at least 24 - 48 hours prior to anticipated pick-up time.

For delivery and collection to customers' offices in the US, Avis locations try to be extremely flexible to traveler's needs. The majority of our off-airport locations offer pick-up service to offices within a 5 mile radius of the nearest Avis facility. Many locations offer vehicle delivery and collection services if the traveler has completed a Master Rental Agreement with their signature on file and is enrolled in Avis Preferred. A minimum delivery and collection charge based on distance may apply.

Advanced reservations are highly recommended. Services can be arranged by calling the local office after the renter has their confirmation number and requires 24 - 72 hour notice in order to guarantee service.

integrated online, real-time reservation and rental processing system in the car rental industry. It is the renter's responsibility to ensure the correct AWD / BCD is included in their reservation.

To ensure there is no mistaking who your travelers are and what services and discounts they are entitled to, they should enroll in Avis Preferred / Budget Fastbreak and establish their unique profile numbers. Through the enrollment process, we create a personal computer file for each traveler that contains personal and business renting information, such as preferred car group, method of payment, driver's license number and most importantly, your Avis Worldwide Discount Number / Budget Corporate Discount (AWD / BCD) numbers.

Whenever their profile number is used to rent a vehicle, our agents, their travel consultant or our online tools can instantly recall the traveler's information from the computer file so that the correct rates and services can be assigned; and we can have the traveler's rental agreement prepared prior to their arrival at the counter, which saves them valuable time.

We enter pricing data / rates for processing through the Avis Budget's Wizard system, our proprietary communications, reservation and processing system that links our worldwide network of locations. Rate information is checked for accuracy at the time of data entry and, where possible, the information may be validated against third party data sources. Collected data is subsequently stored in a secured environment. The data is also subject to internal audit.

## PROPOSAL FORM 5: UNRESOLVED FINDINGS FOR RECOVERY

**O.R.C. Chapter 9.24** prohibits CCOG from awarding a contract to any entity against whom the Auditor of State has issued a finding for recovery, if such finding for recovery is “unresolved” at the time of award. By submitting a proposal, a Respondent warrants that it is not now, and will not become, subject to an “unresolved” finding for recovery under **O.R.C. Chapter 9.24** prior to the award of any contract arising out of this RFP, without notifying CCOG of such finding. The Proposal Review Team will not evaluate a proposal from any Respondent whose name, or the name of any of the subcontractors proposed by the Respondent, appears on the website of the Auditor of the State of Ohio as having an “unresolved” finding for recovery.

Is your company the subject of any unresolved findings for recoveries?

## PROPOSAL FORM 6: MANDATORY DISCLOSURES

### 1. *Mandatory Contract Performance Disclosure.*

Disclose whether your company's performance and/or the performance of any of the proposed subcontractor(s) under contracts for the provision of products and services that are the same or similar to those to be provided for the Program which is the subject of this RFP has resulted in any formal claims for breach of those contracts. For purposes of this disclosure, "**formal claims**" means any claims for breach that have been filed as a lawsuit in any court, submitted for arbitration (whether voluntary or involuntary, binding or not), or assigned to mediation. For any such claims disclosed, fully explain the details of those claims, including the allegations regarding all alleged breaches, any written or legal action resulting from those allegations, and the results of any litigation, arbitration, or mediation regarding those claims, including terms of any settlement. While disclosure of any formal claims will not automatically disqualify a Respondent from consideration, at the sole discretion of Equalis Group, such claims and a review of the background details may result in a rejection of a Respondent's proposal. Equalis Group will make this decision based on the Proposal Review Team's determination of the seriousness of the claims, the potential impact that the behavior that led to the claims could have on the Respondent's performance of the work, and the best interests of Members.

Provide statement here. As a large company operating nationwide in the United states, which is a litigious society, we are subject to lawsuits from time to time resulting from the rental car services we provide. However, none, even if decided adversely against us, would impact our ability to perform the services being considered.

### 2. *Mandatory Disclosure of Governmental Investigations.*

Indicate whether your company and/or any of the proposed subcontractor(s) has been the subject of any adverse regulatory or adverse administrative governmental action (federal, state, or local) with respect to your company's performance of services similar to those described in this RFP. If any such instances are disclosed, Respondents must fully explain, in detail, the nature of the governmental action, the allegations that led to the governmental action, and the results of the governmental action including any legal action that was taken against the Respondent by the governmental agency. While disclosure of any governmental action will not automatically disqualify a Respondent from consideration, such governmental action and a review of the background details may result in a rejection of the Respondent's proposal at Group's sole discretion. Equalis Group will make this decision based on the Proposal Review Team's determination of the seriousness of the claims, the potential impact that the behavior that led to the claims could have on the Respondent's performance of the work, and the best interests of Members.

Provide statement here. From time to time our business is the subject of inquiries from the government, generally focused on business and / or advertising practices. There are no current pending investigations by any government entity into any business practices.

## PUBLIC AGENCY INSTRUCTIONS

This page provides guidance to public agencies entering into contracts with business entities that are required to file Political Contribution Disclosure forms with the agency. **It is not intended to be provided to contractors.** What follows are instructions on the use of form local units can provide to contractors that are required to disclose political contributions pursuant to N.J.S.A. 19:44A-20.26 (P.L. 2005, c. 271, s.2). Additional information is available in Local Finance Notice 2006-1 ([https://www.nj.gov/dca/divisions/dlgs/resources/lfns\\_2006.html](https://www.nj.gov/dca/divisions/dlgs/resources/lfns_2006.html)).

1. The disclosure is required for all contracts in excess of \$17,500 that are **not awarded** pursuant to a “fair and open” process (N.J.S.A. 19:44A-20.7).
2. Due to the potential length of some contractor submissions, the public agency should consider allowing data to be submitted in electronic form (i.e., spreadsheet, pdf file, etc.). Submissions must be kept with the contract documents or in an appropriate computer file and be available for public access. **The form is worded to accept this alternate submission.** The text should be amended if electronic submission will not be allowed.
3. The submission must be **received from the contractor and** on file at least 10 days prior to award of the contract. Resolutions of award should reflect that the disclosure has been received and is on file.
4. The contractor must disclose contributions made to candidate and party committees covering a wide range of public agencies, including all public agencies that have elected officials in the county of the public agency, state legislative positions, and various state entities. The Division of Local Government Services recommends that contractors be provided a list of the affected agencies. This will assist contractors in determining the campaign and political committees of the officials and candidates affected by the disclosure.
  - a) The Division has prepared model disclosure forms for each county. They can be downloaded from the “County PCD Forms” link on the Pay-to-Play web site at [https://www.state.nj.us/dca/divisions/dlgs/programs/pay\\_2\\_play.html](https://www.state.nj.us/dca/divisions/dlgs/programs/pay_2_play.html). They will be updated from time-to-time as necessary.
  - b) A public agency using these forms **should edit them to properly reflect the correct legislative district(s)**. As the forms are county-based, **they list all legislative districts** in each county. **Districts that do not represent the public agency should be removed from the lists.**
  - c) Some contractors may find it easier to provide a single list that covers all contributions, regardless of the county. These submissions are appropriate and should be accepted.
  - d) The form may be used “as-is”, subject to edits as described herein.
  - e) The “Contractor Instructions” sheet is intended to be provided with the form. It is recommended that the Instructions and the form be printed on the same piece of paper. The form notes that the Instructions are printed on the back of the form; where that is not the case, the text should be edited accordingly.
  - f) The form is a Word document and can be edited to meet local needs, and posted for download on web sites, used as an e-mail attachment, or provided as a printed document.
5. It is recommended that the contractor also complete a “Stockholder Disclosure Certification.” This will assist the local unit in its obligation to ensure that contractor did not make any prohibited contributions to the committees listed on the Business Entity Disclosure Certification in the 12 months prior to the contract. (See Local Finance Notice 2006-7 for additional information on this obligation) A sample Certification form is part of this package and the instruction to complete it is included in the Contractor Instructions. **NOTE: This section is not applicable to Boards of Education.**
